INTRODUCING

THE NEW ROCK-AFIRE EXPLOSION!®

Children all over the world have fallen in love with the music and antics of the amazing Rock-afire Explosion! Billy Bob and the rest of the cast are currently entertaining millions in restaurants and amusement parks worldwide —

Danceatronics™ Technology. This unique process (patents pending) enables the cast to move and dance around the stage. Only Creative Engineering can offer this!

— *And now the magic can be yours!*

Affordable Pricing • Multiple Show Discounts • Exclusive Area Protection

The dynamic Rock-afire Explosion® boasts an exciting new center stage design and two rotating side stages, continually presenting new show elements to keep things moving.

MEET THE STARS

Billy Bob: Living by the Golden Rule, this sweet and personable MC keeps everyone upbeat and leads the RAE with an eternally positive outlook. He sees only the bright side of a situation and hopes someday to have a brilliant recording career – if his voice ever changes!

Mitzi Mozzarella: An entrant in 13 rodential beauty contests last year alone, this accomplished mouse was singing before she could squeak. Her confident approach to life helps her withstand the constant teasing she gets from the rest of the band. She just loves the attention.

Beach Bear: "Be cool. Stay cool. If you're not cool, then you're – well – uncool." This is Beach Bear's philosophy as he tastefully peppers the group's vocals with just the right dash of "blistering assault."

OF THE NEW ROCK-AFIRE EXPLOSION

Fatz Geronimo: Raised on the Louisiana Bayou, this charismatic gorilla adds his smooth bass vocals and down-home Southern humor to the mix. At a trim 850 lbs, Fatz sings wherever he wants.

Looney Bird: Contributing falsetto vocals to the group's lush harmony, Looney is lost in a zany world of experiments to save the world. He hopes to win a Nobel Prize, but his idea of a good time is shopping for pocket protectors.

Dook LaRue: Don't ask Dook to cipher numbers. He'll tell you, "I'm just a junkyard dog," but his modesty belies his musical talent and gorgeous singing voice.

IT'S
ENTERTAINING!

The Show Selector

Creative Engineering offers the *only* show selection system for animation! Now your customers can choose from Rock 'n' Roll, Country & Western, Kiddie Songs, Oldies or Comedy. With our vast library of shows and continuous updates, everyone – young and old alike – can join in the fun!

IT'S
INTERACTIVE!

With the amazing Show Selector, your customers can be part of the show. CEI constantly updates the shows and software, plus we can use videos kids send in of themselves. Imagine! Customers will come back again and again to see themselves on the big screen with Billy Bob and the gang!

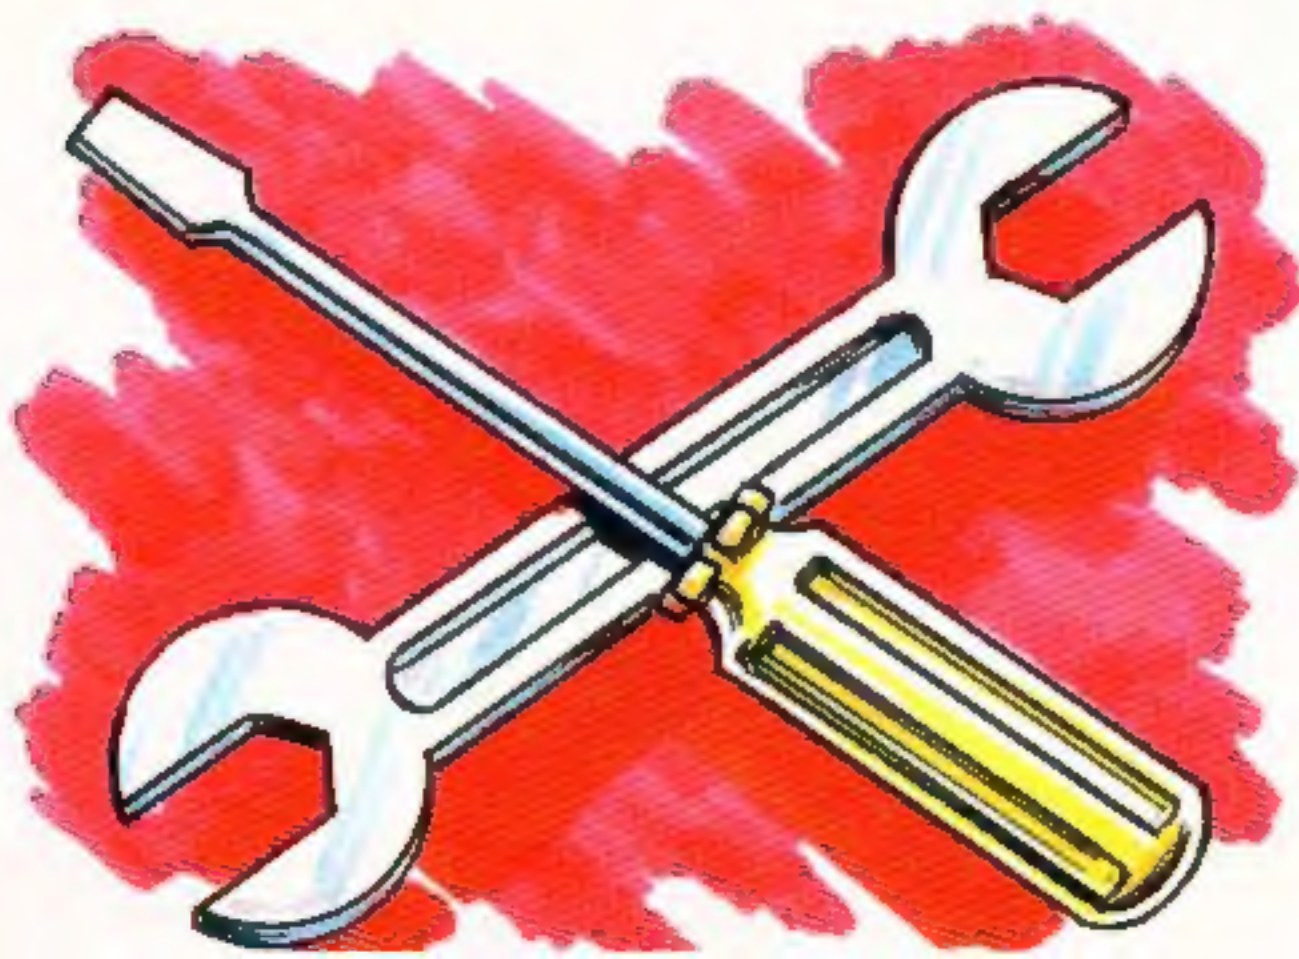

With the touch of a button, a new show is brought into play. While the system is cueing up the next bit of entertainment, Billy Bob says thank you and keep things going with short bits that often incorporate videos sent in by your customers.

LET'S GET TECHNICAL!

The New Rock-afire Explosion is a complete show system that uses time-tested technology to give you all these outstanding features:

- Low maintenance.
- Interchangeable parts.
- Computer controlled.
